

The vision of the *Great Lakes Historic Automobile Club* is to encourage preservation, restoration, and use of antique and historically significant vehicles.

Come join our friendly club!

It's not necessary to own an older vehicle.

Mix and mingle with members who have a wealth of expertise and experience — enjoy and appreciate their vehicles and make new friends along the way.

The Club averages 3 to 4 local drives each month to enjoy driving your 'classic', plus some shorter (coffee) runs. Occasionally, the Club also organises regional runs over 3-7 days.

The Club is authorized by Service NSW to allow members to access the conditional registration scheme, allowing members to drive 30+ year old cars for up to 60 days a year under the NSW Historic Vehicle Scheme (HVS) or Classic Vehicle Scheme (CVS). More information available on the Club website.

NOT just for
old cars or
oldies!

Who are we?

A proud club of approximately 200 friendly members, which is steadily growing. We're a multi marque, community focussed club that aims to provide a social venue for people interested in all things automotive — cars, trucks and motorcycles.

Great Lakes Historic Automobile Club is a **family** and **people** club first and a car club second, the cars are simply our common interest. The club is located in the Great Lakes Region at Forster/Tuncurry on the Mid North Coast of New South Wales.

We love going out on car runs and enjoying coffee and chat with our friends in the GLHAC. There is a great committee who do a wonderful job of organising events and meetings. It is a great social club for lovers of cars.

The Great Lakes Historic Automobile Club has been so wonderful to be part of. The community, the drives in old JAG, and the Coffees & Chats and I love being part of it.
